

Abacus 16 Light LED Colour-Shifting Multi Drop Pendant in Bronze with Sepia Glass

SKU: 028154

Details

The Abacus collection is a celebration of form and function, where clean, minimalist lines are softened by varying-sized orbs of light. The 16-light multi-drop pendant brings this distinctive mid-century-inspired aesthetic to a carefully considered configuration. Its slender drops and varying-sized glass orbs form a cascading arrangement inspired by the elegant rhythm of a modern-day abacus.

Designed with lofty spaces in mind, this pendant is ideal for entryways, stairwells, voids and rooms with tall ceilings. Its vertical arrangement draws the eye upward, accentuating the height and volume of the space while creating a luminous focal point.

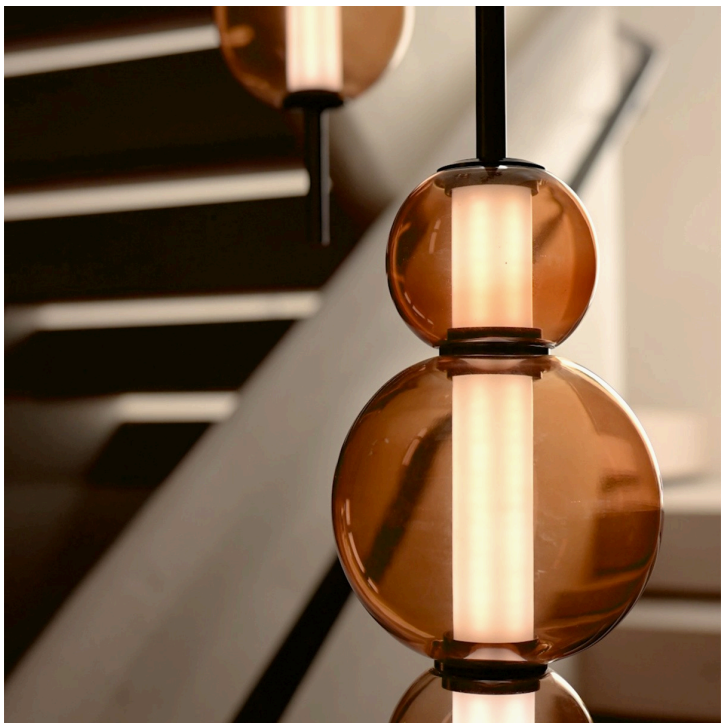
The bronze finish with sepia glass creates a deeper connection to mid-century style, bringing warmth and nostalgia to the room without losing the architectural simplicity of the design. For a different expression of the same design, choose textured black with frosted opal glass for a bold, graphic presence, or aged brass with gloss opal glass for a softer, more refined aesthetic.

The Abacus collection features integrated energy-saving LEDs with a choice of Extra Warm White (2500K), Warm White (3000K), or Neutral White (3500K). The preferred colour temperature is selected using the toggle switch on the fitting and must be set at the time of installation.

The Abacus collection is also available as an 8-light linear pendant for kitchen islands and dining tables, a 7-light flare pendant with adjustable arms for a sculptural centrepiece, and a versatile 3-light design that can be installed as a pendant or wall light.

Specifications

SKU	028154
Colour/Finish	Bronze/Sepia Glass
Dimmable	Yes
Globe Type	Integrated LED
Globe Quantity	0
Wattage Max	56W



Kelvins	2500K/3000K/3500K
Lumens	2290
Efficacy	40.9
Colour Temperature	Warm White, Neutral White
Location	Indoor Use Only
Material	Metal
Voltage	240V
Double Insulated	false
Suspension	3000
Warranty	3 years
Brand	Lucci
Style	Luxe
Downlight Technology	Scene Change via Toggle
