

Juniper Flush DC Ceiling Fan with LED Light in Black

SKU: 213259

Details

The Juniper is a compact, flush-mounted ceiling fan designed for modern indoor spaces, walk-in robes, and lower ceilings. Its sleek 500mm form includes an integrated LED light with adjustable colour temperature – 3000K, 4000K or 5000K – and a high CRI of over 90 for superior light quality.
Available in white or black, the Juniper features a decorative shade pattern that coordinates seamlessly with the Cedar pendant range for a cohesive look.

Low Profile

Low profile fans that fit your space are necessary if your home has low ceilings. This fan only protrudes 19.5 cm from the ceiling, allowing it to sit flush against the ceiling. This makes the space safer for everyone in your house and makes it appear less cluttered and more open.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run.
Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed remote control included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Colour Changing Technology

Change the integrated LED light to Warm White, Cool White, or Day Light, as well as dim the brightness all via the included remote.

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For rooms up to 3m x 3m, we recommend a 122cm fan or lower.

Blade Cleaning

Unscrew the cap holding the blades to the motor, then pull the blades out for easy cleaning. Clean every six months for optimal performance.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
