

Abacus 16 Light LED Colour-Shifting Multi Drop Pendant in Aged Brass with Gloss Opal Glass

SKU: 028153

Details

The Abacus collection is a celebration of form and function, where clean, minimalist lines are softened by varying-sized orbs of light. The 16-light multi-drop pendant brings this distinctive mid-century-inspired aesthetic to a carefully considered configuration. Its slender drops and varying-sized glass orbs form a cascading arrangement inspired by the elegant rhythm of a modern-day abacus.

Designed with lofty spaces in mind, this pendant is ideal for entryways, stairwells, voids and rooms with tall ceilings. Its vertical arrangement draws the eye upward, accentuating the height and volume of the space while creating a luminous focal point.

The aged brass finish with gloss opal glass offers timeless elegance, bringing a softer, more ethereal quality to the design while brightening modern and mid-century-inspired interiors. For a different expression of the same design, choose textured black with frosted opal glass for a bold, graphic presence, or bronze with sepia glass for a warm, nostalgic mid-century character.

The Abacus collection features integrated energy-saving LEDs with a choice of Warm White (3000K), Cool White (4000K), or Daylight (5000K). The preferred colour temperature is selected using the toggle switch on the fitting and must be set at the time of installation.

The Abacus collection is also available as an 8-light linear pendant for kitchen islands and dining tables, a 7-light flare pendant with adjustable arms for a sculptural centrepiece, and a versatile 3-light design that can be installed as a pendant or wall light.

Specifications

SKU	028153
Colour/Finish	Aged Brass/Gloss Opal Glass
Dimmable	Yes
Globe Type	Integrated LED
Globe Quantity	0

Wattage Max	56W
Kelvins	3000K/4000K/5000K
