

Parsec Small DC Exhaust Fan/LED Light with 240mm Dia Cut Out in White

SKU: 200082

Details

Sleek, smart, and ideal for smaller bathrooms and laundries, the Parsec small exhaust fan with LED light delivers everyday performance in a minimalist matte white design. The integrated LED provides 900 lumens of brightness with CCT colour selection at installation, blending effortlessly into the ceiling while lighting your space beautifully. An energy-efficient DC motor offers quiet, reliable extraction suited to compact wet areas, with fan and light operating independently for flexible use. Installation is straightforward with two included cut-out templates to suit different ceiling access scenarios, while durable mounting pivot clamp clips and flexible ducting options (100mm or 150mm) ensure a custom fit. IP24-rated for wet area suitability, the fitting also features a serviceable built-in LED with quick-connect loom and replaceable parts available.

TIP:

For enhanced moisture control, add a run-on timer (sold separately) to keep the fan running after use—helping reduce condensation and the risk of mould. Not sure which fan is best for your space? Speak to our team—we use a handy airflow calculator to help you pick the right model.

Certified Airflow Performance

This fan has been tested to the internationally recognised ISO 5801 standard, ensuring its airflow performance is accurately measured and validated in real-world applications.

Specifications

SKU	200082
Colour/Finish	White
Airflow	250m3/hr
Globe Included	false
Kelvins	3000K/4000K/5000K
Lumens	900
Dimmable	No
Wattage Max	14W
Globe Quantity	0

Globe Type	Integrated LED
Efficacy	64.3
Voltage	240V
Current	DC
Fan Motor Wattage	20W
Decibels	47
Rpm	0
Brand	Lucci Air
Style	Modern
Warranty	3 years
