

Abacus 16 Light LED Colour-Shifting Multi Drop Pendant in Black with Frosted Opal Glass

SKU: 028147

Details

The Abacus collection is a celebration of form and function, where clean, minimalist lines are softened by varying-sized orbs of light. The 16-light multi-drop pendant brings this distinctive mid-century-inspired aesthetic to a carefully considered configuration. Its slender drops and varying-sized glass orbs form a cascading arrangement inspired by the elegant rhythm of a modern-day abacus.

Designed with lofty spaces in mind, this pendant is ideal for entryways, stairwells, voids and rooms with tall ceilings. Its vertical arrangement draws the eye upward, accentuating the height and volume of the space while creating a luminous focal point.

The textured black finish with frosted opal glass adds a bold, graphic element to the interior, delivering a sleek contemporary aesthetic while the softly diffused orbs balance the strong architectural lines. For a different expression of the same design, choose aged brass with gloss opal glass for a softer, more refined presence, or bronze with sepia glass for a warm, nostalgic mid-century character.

The Abacus collection features integrated energy-saving LEDs with a choice of Warm White (3000K), Cool White (4000K), or Daylight (5000K). The preferred colour temperature is selected using the toggle switch on the fitting and must be set at the time of installation.

The Abacus collection is also available as an 8-light linear pendant for kitchen islands and dining tables, a 7-light flare pendant with adjustable arms for a sculptural centrepiece, and a versatile 3-light design that can be installed as a pendant or wall light.

Specifications

SKU	028147
Colour/Finish	Black/Frosted Opal Glass
Dimmable	Yes
Globe Type	Integrated LED
Globe Quantity	16

Wattage Max	56W
Kelvins	3000K/4000K/5000K
Lumens	3000
Efficacy	45.5
Colour Temperature	Warm White, Cool White, Day Light
Voltage	240V
Double Insulated	false
Suspension	3000
Warranty	3 years
Brand	Lucci
Style	Modern
Downlight Technology	Scene Change via Toggle
