Details

Southampton exterior wall lights feature a classic Hamptons style, available in brass, antique black, and stainless steel finishes. Each 1-light bracket is crafted from solid material with a lacquer finish, ensuring durability and timeless appeal. Ideal for traditional and industrial country homes, the Southampton range offers a touch of American charm. Please note, these lights are suitable for exterior use, but only the brass option is coastal rated. The black and stainless steel fixtures must be installed where protected from direct weather, as they are not rated for coastal applications. Hand-painted with possible variations in finish, the brass option will age gracefully over time, adding character to any outdoor setting.
