

Abacus 7 Light LED Colour-Shifting Flare Pendant in Bronze with Sepia Glass

SKU: 028152

Details

The Abacus collection is a celebration of form and function, where clean, minimalist lines are softened by varying-sized orbs of light. The 7-light flare pendant brings this distinctive mid-century-inspired aesthetic to a carefully considered configuration. Its clean lines radiate from the centre and are softened by varying-sized glass orbs suspended on adjustable arms, creating a balanced sculptural composition.

The wide-reaching form makes an eye-catching centrepiece above a dining table or within a living room or open-plan interior. Its adjustable arms allow the composition to be arranged to suit the space while retaining the collection's clean, minimal aesthetic.

The bronze finish with sepia glass creates a deeper connection to mid-century style, bringing warmth and nostalgia to the room without losing the architectural simplicity of the design. For a different expression of the same design, choose textured black with frosted opal glass for a bold, graphic presence, or aged brass with gloss opal glass for a softer, more refined aesthetic.

The Abacus collection features integrated energy-saving LEDs with a choice of Extra Warm White (2500K), Warm White (3000K), or Neutral White (3500K). The preferred colour temperature is selected using the toggle switch on the fitting and must be set at the time of installation.

The Abacus collection is also available as a dramatic 16-light multi-drop pendant for voids and tall ceilings, an 8-light linear pendant for kitchen islands and dining tables, and a versatile 3-light design that can be installed as a pendant or wall light.

Specifications

SKU	028152
Colour/Finish	Bronze/Sepia Glass
Dimmable	Yes
Globe Type	Integrated LED
Globe Quantity	0
Wattage Max	39W

Kelvins	2500K/3000K/3500K
Lumens	3200
Efficacy	82
Colour Temperature	Warm White, Neutral White
Location	Indoor Use Only
Material	Metal
Voltage	240V
Double Insulated	false
Suspension	1800
Warranty	3 years
Brand	Lucci
Style	Mid Century, Modern
Downlight Technology	Scene Change via Toggle
