

Zenith 142cm DC Fan in White

SKU: 216197

Details

The Zenith ceiling fan range combines a refined, aerodynamic design with practical performance, making it a versatile choice for bedrooms, living spaces and covered outdoor areas. Available in 122cm and 142cm sizes, with light and non-light options, the range features four elegantly curved ABS blades and a streamlined motor housing that create a clean, contemporary look suited to coastal, Hamptons and modern interiors.

Powered by an energy-efficient DC motor, the Zenith delivers strong airflow with quiet operation and includes a 9-speed remote for precise control. Light models feature an integrated LED light with selectable colour temperatures and smooth dimming, allowing the illumination to be adjusted to suit different spaces and times of day. Coastal-rated construction extends the fan's suitability to covered outdoor environments, while the quick-install blade system simplifies installation. The Zenith range balances modern styling, everyday functionality and reliable comfort in a range of room sizes.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

9-speed remote control with timer function included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing+**Colour**

Coastal Rating

Suitable for indoor, alfresco, and coastal areas provided the fan is fully undercover, protected from water, wind, and dust, with a minimum of 1 wall.

Recommended Room Size

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
