

Fanaway Lilo 91cm DC Retractable Blade Ceiling Fan with Light in White

SKU: 211047

$299.00 (inc GST)

Details

The Lilo retractable ceiling fan combines lighting and airflow in a compact design that is ideal for bedrooms, apartments and smaller living spaces. Its three retractable blades fold neatly away when not in use, giving the fitting the appearance of a contemporary light fixture while maintaining the functionality of a ceiling fan when cooling is needed.
Powered by an energy-efficient DC motor, the Lilo features integrated LED lighting with selectable colour temperatures and smooth dimming, allowing you to tailor the light to suit different times of day and activities. When switched on, the blades automatically extend to circulate air, then retract when the fan is not operating for a clean, uncluttered look. The included six-speed remote provides convenient control of both the fan and light, while the compact size makes it particularly well suited to smaller rooms where space and style are equally important. Supplied fully assembled with no blade attachment required, the Lilo offers a practical and versatile solution for modern homes.

Retractable Blades

With cutting-edge fans from our Fanaway collection that can be switched from a stylish pendant to a fan at the touch of a button, you can take your interior fashion to the next level. These fans are an exclusive Beacon Lighting innovation, designed and created in Australia. All Fanaway fans operate according to the same novel principle: when turned off, the fan's typically obtrusive blades automatically retract and conceal, turning the device into a chic pendant. When activated, the blades spread out to move air throughout a space. Additionally, retractable blade ceiling fans are easier to maintain and care for because they collect less dust and feature cleanable blades.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC, or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run.

Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6 speed remote control with timer function included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Colour Changing Technology

Featuring four colour temperatures to choose from, change the integrated LED light to Warm White (2700K or 3000K), Cool White, or Day Light, as well as dim the brightness all via the included remote. Also included is the Night Light mode, 2700K at 10% Brightness.

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For rooms up to 3m x 3m, we recommend a 122cm fan or lower.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
