

Fanaway Nimbus 117cm DC Retractable Blade Ceiling Fan with Light in White

SKU: 211050

Details

The Nimbus retractable ceiling fan combines the functionality of a ceiling fan with the appearance of a contemporary light fitting, making it an ideal solution for bedrooms and living spaces. Its retractable blades fold neatly away when not in use, creating the look of a sleek flush-mount light while preserving the cooling performance of a full-size fan when required.
Powered by an energy-efficient DC motor, the Nimbus delivers strong airflow from its extending blades while the integrated LED light provides dimmable illumination with selectable colour temperatures to suit different times of day and activities. The included six-speed remote offers convenient control of both fan and light functions, allowing you to tailor comfort with ease.
With its larger 46-inch span, modern styling and space-saving retractable design, the Nimbus is a versatile choice for homes seeking the practicality of a fan without compromising on aesthetics. Supplied fully assembled with no blade attachment required, it is designed for straightforward installation and everyday convenience.

Retractable Blades

With cutting-edge fans from our Fanaway collection that can be switched from a stylish pendant to a fan at the touch of a button, you can take your interior fashion to the next level. These fans are an exclusive Beacon Lighting innovation, designed and created in Australia. All Fanaway fans operate according to the same novel principle: when turned off, the fan's typically obtrusive blades automatically retract and conceal, turning the device into a chic pendant. When activated, the blades spread out to move air throughout a space. Additionally, retractable blade ceiling fans are easier to maintain and care for because they collect less dust and feature cleanable blades.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC, or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot

of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6 speed remote control with timer function included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Colour Changing Technology

Featuring four colour temperatures to choose from, change the integrated LED light to Warm White (2700K or 3000K), Cool White, or Day Light, as well as dim the brightness all via the included remote. Also included is the Night Light mode, 2700K at 10% Brightness.

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For rooms up to 3m x 3m, we recommend a 122cm fan or lower.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.

Specifications

SKU	211050
