

Festoon Dusk 10 Light LED Exterior String Light Kit in Black with Warm White

SKU: 220987

Details

The Dusk festoon lights combines ambient warmth with practical outdoor performance. Featuring larger format opal shades, this modern design offers substantial illumination while minimising glare – ideal for alfresco areas and gazebos. With a coastal-rated build and IP65 protection, the Dusk festoon light are designed to withstand outdoor conditions year-round. The 3000K warm white LED output creates a welcoming atmosphere, while the finish provides a sleek contrast against architectural or garden settings. This fitting is backed by a 5-year warranty for added confidence in long-term performance.
