

GE 8W LED 600mm Colour Switch CCT Dimmable T8 Tube

SKU: 121958

$19.95 (inc GST)

Details

The GE LED T8 tube is a versatile replacement option for existing T8 fittings, designed to deliver adjustable light output for a wide range of applications. With tri-colour functionality, it allows the colour temperature to be selected to suit different environments.
This tube produces up to 1,000 lumens from an 8W output and features selectable colour temperatures of 3000K, 4000K and 6500K via a toggle switch located on one end of the tube. A wide 180-degree beam angle supports even light distribution, while dimmable operation provides added flexibility when used with compatible systems. Measuring 2.8 centimetres in diameter and 60 centimetres in length, the GE LED T8 tube offers a practical, adaptable lighting solution backed by a three-year warranty.

Specifications

SKU	121958
