

Lucci 2 Metre Aluminium LED Surface Profile in Silver

SKU: 177140

Details

Add a clean, professional finish to strip lighting on flat surfaces with this 2 metre aluminium surface profile in silver and opal. Simple and versatile, it is ideal beneath cabinets, along shelving, inside wardrobes and in other areas where a recessed installation is not suitable.

The aluminium channel helps protect the LED strip during installation, while the opal diffuser creates a softer, more even line of light. The profile can be cut to size to suit your layout.

Compatibility

Designed for use with Lucci Glow Classic and Lucci Glow Dynamic LED Strip Light kits. Compatible with LED strip up to a maximum width of 12.5mm.
