

Apolo 180mm 1 Light Track Spot in White

SKU: 149050

Details

The Apolo track spot is a versatile lighting solution designed to meet the specific needs of spaces with lower ceilings. This compact track light offers a unique 170mm wide distribution, ensuring broader coverage without the need for numerous fittings.

The Apolo track spot comes in both warm white and cool white variants, allowing you to select the lighting temperature that suits your preference and space. Its bevelled edge enhances its aesthetics and helps reduce glare, ensuring a comfortable illumination experience.

Designed to accommodate 12W 152mm GX53 globes, the Apolo track spot provides ample light output. Its adjustability allows it to sit flush with the ceiling track or pivot to cover specific areas, offering versatility in directing light as needed. Crafted from durable steel, it combines a modern style with practical functionality, making it an excellent choice for wide distribution track lighting in various settings.
