

Apostle 167cm DC Fan in Black with Lava Stone

SKU: 213252

Details

The Apostle fan blends natural textures with sculptural form, offering a refined coastal aesthetic for modern interiors. Its wide, flowing blades are inspired by organic shapes, creating a calm and elegant presence in larger living spaces.
Available in white, almond with a travertine plate, or black with a lava stone plate, each finish introduces a distinct visual element – from earthy sophistication to striking contrast.
Lava stone is a naturally occurring material, so there will be slight variations in pattern, which makes every piece unique.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run.
Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed rechargeable remote control. *USB-C cord and charger are not included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Smart Compatible

Insert the Lucci Connect Wi-Fi Module (sold separately **-** 216180) into the receiver to activate smart functionalities. Once paired with the Lucci Connect app, you can turn your fan on/off, adjust its speed, set timers, and even create schedules based on the temperature outside.

Indoor Rating

Suitable for indoor use only.
