Details

The Aqualux 24V 2.4W LED G4 globe in warm white provides 200 lumens of 3000K illumination for low-voltage lighting systems, delivering an efficacy of 83.3 lumens per watt. Designed with a 360-degree beam angle, it distributes light evenly in fittings such as garden fixtures, path lights, and compact luminaires. With a CRI of 85, it supports accurate colour rendering for landscapes and architectural features. The IP65 rating ensures resistance to dust and water ingress, making it suitable for outdoor and damp environments. The Aqualux G4 LED globe offers energy-efficient, reliable performance for directional and ambient accent lighting.
