
Lucci Power Ion 5 Gang Plate Only in White

SKU: 299520

Details

The Lucci Power Ion grid plates, crafted from durable polycarbonate and finished in sleek matte black or white. Designed to complement the entire Lucci Power Ion range, these grid plates feature a 5.5mm slimline profile and a flat mounting plate, ensuring a seamless fit into any space. The integrated quick fit screw cap covers make installation even easier, adding extra convenience. Offering configurations from 1G to 6G, they can be mounted both vertically and horizontally, providing flexibility for a variety of installations. With 84mm mounting centres, these plates ensure an easy, hassle-free installation, while their compatibility with Lucci Power dimmers and mechanisms ensures a fully integrated system. Backed by a 25-year warranty, the Lucci Power Ion grid plates combine design, performance, and lasting quality for every project.
