Cadence Linear Pendant

The Cadence linear pendant by Made by Mayfair is a stunning example of minimalist elegance. Crafted with rods of natural Spanish alabaster, each piece features unique veining, ensuring no two are alike. Accented with aged brass insets and detailing Cadence is elegantly suspended on slender wires to create a floating illusion - the perfect centrepiece for dining areas, kitchen islands, or larger living spaces. Equipped with innovative 4-way CCT technology, you can choose between cool white, warm white, or natural white light during installation, or use the adaptable colour shift feature to effortlessly change the light colour and mood via a simple flick of the wall switch. Fully dimmable, the Cadence linear pendant allows you to tailor the ambience for any occasion.

TIP: Showcase the natural beauty of the alabaster by pairing Cadence with neutral palettes and complementary textures.
