

Made by Mayfair Rhodes Wall Sconce in Natural Travertine

SKU: 300950

Details

The Rhodes wall light features a curved form crafted from natural travertine stone, available in natural travertine or silver travertine finishes. The sculptural shape highlights the organic character of the stone, with natural variation in colour and texture ensuring each piece is unique. Designed with a recessed GU10 light source, the fitting can wash light down a wall which creates a nice scallop effect on the surfaces below, or be an uplighter that pushes light into the ceiling and can help make a ceiling feel taller. Compact in size yet rich in material detail, the Rhodes wall light works well in hallways, bedside settings or feature walls, where its natural stone finish complements contemporary interiors with earthy or organic design elements.
