Details

The Arket 2 Light Wall Bracket showcases natural materials through a clean, simple form that lets texture and tone take centre stage. Two rounded, pill-shaped stones softly diffuse the light, creating a warm, ambient glow. As each piece is crafted from natural stone, subtle variations in veining ensure every fitting is uniquely individual.
The collection is available in three distinctive finishes, each designed with its own personality to complement different interior styles. Bronze with Latte Alabaster offers a warm, moody feel, Aged Brass with Spanish Alabaster presents a refined and formal look, while Brushed Chrome with White Marble and striking black veining feels modern and fresh.
Rated IP44, it's ideal for creating ambience in bathrooms and powder rooms, while also working beautifully in hallways, beside beds, or framing artwork as a feature.
TIP Install in pairs beside a mirror or artwork to create balance while highlighting the beauty of the natural stone.
