

Orray 6 Light LED Colour-Shifting Drop Pendant Frame Only in Aged Brass

SKU: 028221

Details

The Orray collection of pendants is a stunning range in two distinctive styles: a linear bar and a dramatic drop pendant. Designed to create an eye-catching asymmetrical effect, these pendants bring a unique touch to any space.
This collection offers flexibility, with varying frames and glass shade kits (each sold separately) that pair to create individualised colourways. The glass kits consist of six glass pieces in various sizes and shapes and come in different colours for you to choose from opal, clear, and sepia. The frames are available in brushed chrome, aged brass, and bronze finishes, key metalware colours allowing you to customise your pendant and create a stunning feature piece.
In addition to their aesthetic appeal, the Orray pendants feature dimmable LED technology so that you can adjust the lighting intensity to create your desired ambience. Orray pendants also feature CCT functionality, accessible from a standard wall switch, which enables you to control the colour temperature of the light, providing ultimate flexibility and comfort.
This collection is suitable for angled ceilings, making it a versatile choice for various architectural configurations. Whether your ceiling is flat or angled, these pendants will beautifully illuminate your space and add a touch of sophistication to your interior.
Elevate your lighting experience with the exquisite Orray collection, where asymmetry meets elegance and bespoke design.
