

Panasonic 24 Hour DC Exhaust Fan with Motion Sensor in White

SKU: 209081

$399.00 (inc GST)

Details

Improve your indoor air quality with Panasonic's FV-24 range of innovative ceiling-mounted exhaust fans. Thanks to their direct current (DC) motors, these exhaust fans provide whisper quiet operation and energy-efficient performance while using just 9.3W of power.

Other important features:

24-hour ventilation mode and built-in timers to prevent mould growth in spaces prone to constant dampness

Intelligent technology automatically maintains constant air volume by sensing changes to air pressure

Noise dampening double chamber design for quiet operation – even at higher speeds

3-year parts and labour warranty

Want more out of your exhaust fan? The FV-24JR3 model is equipped with an intelligent motion sensor that switches on automatically when you enter the room and switches off when you leave. To learn more, download the Panasonic FV-24 brochure.

About Panasonic
