

Panasonic Thermo Ventilator PTC Heater & Exhaust Fan

SKU: 209083

Details

Elevate your bathroom experience with the Panasonic Thermo Ventilator FV-30BY1, a sophisticated 3-in-1 solution designed for comfort, convenience, and efficiency. This stylish unit combines a powerful heater, an exhaust fan, and a dryer, making it an essential addition to any modern bathroom. Its sleek, minimalist design complements any interior, offering both aesthetic appeal and practicality.

Harnessing advanced PTC technology, the Thermo Ventilator FV-30BY1 provides precise and consistent heating without the risk of overheating, ensuring a warm and comfortable environment even on the coldest mornings. Switch to ventilation mode to swiftly remove moisture and odors, maintaining a fresh and hygienic atmosphere. The versatile dry mode is perfect for efficiently drying towels and clothes, making it ideal for busy households, regardless of the season.

This innovative unit also features a built-in timer, allowing you to schedule operation times for added convenience and energy savings. The integrated dust filter ensures a clean and healthy environment by preventing dust accumulation, while the wireless remote control offers effortless operation from anywhere in the room. Safety is paramount with this ventilator, as it includes protective louvers, waterproof certification, and a thermal cut-off switch for reliable and worry-free use.

Quiet, efficient, and easy to install, the Panasonic Thermo Ventilator FV-30BY1 is the ultimate choice for those looking to upgrade their bathroom with modern, multi-functional technology that delivers year-round comfort.

About Panasonic

Widely considered as a leader in air conditioning and ventilation, Panasonic has been a trusted brand worldwide for over 100 years with a focus on product innovation and improving people's lives. Panasonic appliances are renowned for their reliability - tried, tested and top rated.
