

Uno 270mm GX53 Flush Mount in Gypsum

SKU: 080782

Details

Designed to bring adaptable lighting and refined simplicity to contemporary interiors, the UNO range pairs clean architectural forms with an interchangeable GX53 globe system.
The UNO 270mm GX53 Flush Mount in Gypsum transforms practical ceiling lighting into a sculptural architectural detail. The matte mineral surface and softly rounded profile bring a calm, gallery-like quality to modern interiors, while the low-profile format preserves a clean ceiling line.
Unlike a fixed integrated LED fitting, the interchangeable globe design allows the light source to be replaced without changing the entire fixture. This model is compatible with both 200mm and 220mm GX53 globes, giving you flexibility over light output and colour temperature. Globe sold separately.
Explore the wider UNO family, including pendants, mini flush mounts, 250mm and 270mm flush mounts in minimalist black and white or distinctive bronze, brass, concrete, opal glass, walnut and oak finishes, plus streamlined exhaust fans.
