Details

The new Belle table lamp is a unique piece featuring a white linen shade with white ceramic sculptural base that adds visual appeal. Available in tall and squat designs, this lamp has the added feature of lighting both the shade and the base emitting a beautiful glow when lit. The base can be lit on its own using the cord-line switch but the shade can only be used if the base is also turned on.
Please note that due to the enclosed nature of the base, the lamp holder uses a different globe and rated wattage than the shade.
The Belle makes a statement in a bedroom, lounge room or on a hall table
