Details

Introducing the Blaze downlight range, perfect for illuminating any room in style.
This versatile downlight range offers three architectural styles designed to reduce glare and is compatible with a variety of GU10 globes, including dimmable, non-dimmable, Smart, and Livewell options, so you can choose the technology that best suits your needs.
With a 70mm cut-out, the Blaze downlight is easy to retrofit and comes complete with flex and plug for hassle-free installation. It is suitable for use in any part of your home or project, and the snoot variant is highly recommended for areas where glare is an issue or a narrower beam angle is required.
Illuminate your space with the Blaze Downlight and enjoy both style and function in one sleek package.
