Bree II Table Lamp in Bronze with Natural Shade

SKU: 261051

Details

The Bree II table lamp features a metal base paired with a conical fabric shade, available in brass or bronze finishes with a tapered linen shade that brings a modern touch to the clean, classic silhouette. With a fabric shade softly diffusing the light to create warm ambient illumination, this lamp is suited to everyday living spaces. The compact size makes it easy to style across a range of interior settings. With its simple proportions and versatile finishes, the Bree II table lamp works well on bedside tables, consoles or side tables, complementing both classic and contemporary interiors.
