Details

The Brooklyn bar spotlight extends the Brooklyn spotlight family with a three-light bar design in a bronze finish. The slim metal bar supports three cylindrical spot heads, creating a balanced layout that provides wider light coverage while maintaining the industrial character of the range. Each spotlight features a GU10 lamp holder with adjustable tilt up to 90° and rotation up to 250°, allowing the light to be directed where it is needed. The curved cylinder heads and ribbed detailing on the end caps reinforce the distinctive styling of the Brooklyn collection. Ideal for hallways, open living spaces or angled ceilings, the Brooklyn 3 Light Bar also works well for highlighting artwork or architectural features, delivering flexible directional lighting with a modern industrial look.
