

Captain Large Solar LED Flood Light with Sensor in Black

SKU: 240936

Details

The Captain solar flood light with sensor offers high-output performance in a durable, industrial-style design, ideal for wall-mounted applications with direct sun exposure. Available in black with small and large formats, it provides a wide 90° beam angle and a warm 3000K light output suitable for functional outdoor areas. Equipped with a 120° PIR sensor, this flood light automatically adjusts brightness based on motion and battery level – maintaining 3% ambient lighting when the battery is above 30%, and turning off ambient light when it drops below. A full charge via solar exposure takes approximately 8 hours, supporting up to 12 hours of sensor mode use or 6 hours in full-brightness override. Designed for coastal conditions with an IP65 rating and built from tough ABS and PC materials, the Captain solar flood light is backed by a 5-year warranty.

Specifications

SKU	240936
Colour/Finish	Black
Dimmable	Auto-Dimming via Motion Sensor
Ip Rating	IP65
Globe Type	Integrated LED
Globe Quantity	0
Wattage Max	10W
Kelvins	3000K
Lumens	1000
CRI	>80
Efficacy	100
Colour Temperature	Warm White
Location	Coastal Use
Material	ABS, Polycarbonate, Aluminium
Voltage	7.4V

Backing Plate Size	W:285xH:20
Battery Type	18650-2S, 7.4VDC, 3000mAh
Battery Life	6+ Hours
Battery Included	Yes
Charge Time	7+ Hours
Warranty	5 years (excluding Battery)
Brand	Lucci
Style	Modern
