Details

The Cedar collection brings sculptural warmth and architectural light to contemporary interiors.
With its expansive form and softly textured finish, the Cedar 1.8m LED pendant brings quiet impact to larger interiors. Ribbed white wood gives the streamlined profile a light, tactile quality that feels at home above long dining tables, generous kitchen islands and open-plan spaces, finished with a slim polycarbonate diffuser for a clean architectural look.
The integrated 60W LED delivers 3300 lumens with a CRI above 90. Select warm white 3000K, cool white 4000K or daylight 5000K to suit the setting, then dim the light to create the right balance of function and atmosphere.
Measuring 1800mm wide with a 2000mm suspension, this pendant offers statement scale with a calm, contemporary presence. Complete the look with the wider Cedar range, including cylindrical pendants in two sizes, linear wall sconces in three sizes and a coordinating flush mount.
