Details

Celeste pendant range

The Celeste Pendant Range features a refined double-glass design, layering a frosted inner diffuser within a clear or smoked outer shade. Available in black with smoked and frosted glass or white with clear and frosted glass, the combination delivers a soft, diffused glow with a modern edge. Compatible with ES globes, Celeste allows you to easily customise the light effect to suit your space. Perfect as a single pendant over island benches, bedsides, or in powder rooms, the range also includes a 5-light cluster ideal for small voids. Simple yet versatile, Celeste offers an accessible way to introduce layered lighting into the home. A matching wall bracket is also available for cohesive styling.

TIP:

Pair Celeste pendants with the matching wall bracket to create visual continuity and layered illumination. Use pendants for general lighting and the wall bracket for soft accent light, enhancing both function and atmosphere.
