

Cord/Shade Suspension Connector in Black

SKU: 290447

$5.95 (inc GST)

Details

This handy connector allows you to attach any shade onto the fabric suspension cord of our wide range of pendants. By attaching the shade onto the cord itself, the lampholder and globe can be positioned within the centre of the shade, perfect for larger format shades like our Tamarind range.
Highly recommended for use with pendant ranges like Create (available in Black and White) or Manor (available in Antique Brass, Black or Antique Nickel).
Please note: This connector is not DIY, and must be installed by a Licensed Electrician.
