

Curlon 142cm DC Fan with Light in White

SKU: 211040

Details

The Curlon ceiling fan range combines soft, organic forms with modern functionality. Available in all-white or white with teak-look blades, the range features three gently curved blades and a sculptural motor housing that complements Scandinavian, coastal and contemporary interiors.
Powered by an energy-efficient DC motor, the Curlon delivers strong airflow while maintaining quiet operation. The integrated light includes a replaceable GX53 globe with selectable colour temperatures, dimming functionality and convenient control via the included rechargeable remote. Suitable for both indoor spaces and covered outdoor areas, the alfresco-rated design offers flexibility across living rooms, bedrooms and outdoor entertaining zones. Wi-Fi adaptability provides the option for smart control integration, making the Curlon range a practical and stylish choice for modern homes.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run.
Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed rechargeable remote control. *USB-C cord and charger are not included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Smart Compatible

Insert the Lucci Connect Wi-Fi Module (sold separately **-** 216180) into the receiver to activate smart functionalities. Once paired with the Lucci Connect app, you can turn your fan on/off, adjust its speed, set timers, and even create schedules based on the temperature outside.

Integrated Light

The light kit comes with a GX53 globe included.

Alfresco Rating

Suitable for indoor and alfresco areas, provided the fan is fully undercover, protected from water, wind, dust, and salt, with a

minimum of 2 walls.

Recommended Room Size

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
