

Fanaway Inka 121cm DC Retractable Blade Ceiling Fan with Light in Natural

SKU: 216131

$459.00 (inc GST)

Details

The Inka retractable ceiling fan blends decorative lighting with practical airflow, making it a striking centrepiece for bedrooms and living spaces. Inspired by the popular Inka pendant collection, it features a natural woven shade that brings warmth and texture to interiors while maintaining the functionality of a ceiling fan.

When the fan is not in use, the clear retractable blades fold neatly away to highlight the woven shade as a statement light fitting in its own right. Powered by an energy-efficient DC motor, the Inka includes a six-speed remote for convenient control and accommodates three ES globes, allowing you to tailor the light output to suit your space. The combination of natural materials, soft organic forms and hidden functionality makes the Inka particularly well suited to coastal, bohemian and relaxed contemporary interiors. With its seamless blend of style and performance, the Inka offers an elegant way to introduce both lighting and airflow into the home.

Retractable Blades

With cutting-edge fans from our Fanaway collection that can be switched from a stylish pendant to a fan at the touch of a button, you can take your interior fashion to the next level. These fans are an exclusive Beacon Lighting innovation, designed and created in Australia. All Fanaway fans operate according to the same novel principle: when turned off, the fan's typically obtrusive blades automatically retract and conceal, turning the device into a chic pendant. When activated, the blades spread out to move air throughout a space. Additionally, retractable blade ceiling fans are easier to maintain and care for because they collect less dust and feature cleanable blades.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC, or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for

private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6 speed remote control with timer function included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Integrated Light

Light kit comes included that uses 4 x ES globes (sold separately). NOTE: This product is not dimmable.

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For rooms up to 3m x 3m, we recommend a 122cm fan or lower.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
