

Fiesta Portable Rechargable LED Camping and String Light

SKU: 231428

$29.95 (inc GST)

Details

The Fiesta string light is a fun and functional lighting solution for outdoor adventures, combining a rechargeable LED camping light with a retractable 100-light string. Compact and easy to transport, it's perfect for illuminating tents, gazebos or campsites. Finished in white with a khaki green base, the Lucci Fiesta offers three light settings on both the main camping light and the string: choose between full brightness, 50% brightness or amber-flashing SOS mode on the main light, and select from always-on, flashing or slow “breathing” mode for the string lights. With a 4-hour USB-C charge time and up to 5 hours of continuous use, this entry-level camping light is designed to keep your space well-lit and inviting wherever your adventures take you.
