

Flinders Disc LED Wall Bracket in Green

SKU: 231462

Details

Introducing the Flinders Disc collection of exterior lights: a blend of style and durability designed for both outdoor and indoor spaces. Featuring a rounded ceramic disc design, this range creates a soft, sculptural look while allowing light to diffuse from behind the front plate for a refined ambient effect. Crafted with a ceramic finish and burnished treatment, Flinders Disc offers a contemporary aesthetic in green, white and black options. Built to withstand coastal conditions with an IP65 rating, the Flinders Disc collection ensures longevity and reliability. Each light comes with a 5-year warranty and features an integrated LED light source, making it a practical choice for enhancing exterior walls, entryways, pathways, patios and indoor feature spaces. Embodying an exclusive design inspired by the Australian colour palette, these lights bring both functionality and visual appeal to your surroundings. Each piece in the Flinders Disc range is crafted from ceramic, a material known for its natural variation in colour and texture. Subtle differences in glaze, tone and surface finish are inherent to the ceramic manufacturing process and contribute to the individual character of each item.

Specifications

SKU	231462
Colour/Finish	Green
Dimmable	Yes
Recommended Dimmers	All Lucci, MFL and Buster+Punch Dimmers
Ip Rating	IP65
Globe Type	Integrated LED
Globe Quantity	0
