

Form 1 Light Pendant in Bronze with Sepia Glass

SKU: 011578

$79.95 (inc GST)

Details

The Form pendant features a slim cylindrical glass shade and clean, minimalist profile for an understated addition to modern interiors. Available in five colourways - black with smoke glass, white with frosted opal glass, brushed chrome with clear glass, bronze with sepia glass, and copper with rose glass - each colourway gives the simple design a distinct character. The transparent glass showcases the decorative globe within, adding warmth and visual interest when illuminated. Its compact proportions make Form ideal for hanging individually beside a bed or in multiples above a kitchen island or bench. The long suspension also provides flexibility for rooms with higher ceilings. Form combines simple design with an accessible price point, making it an easy way to introduce decorative glass lighting into the home.
