

GE 16W LED 1200mm Colour Switch CCT Dimmable T8 Tube

SKU: 121959

Details

The GE LED T8 tube is designed as a tri-colour replacement for standard T8 fittings, offering flexible lighting control across commercial and task-focused environments. Its adjustable colour temperature supports tailored lighting outcomes within the same fitting.
Delivering up to 2,100 lumens from a 16W output, this tube features selectable colour temperatures of 3000K, 4000K and 6500K via the toggle switch on one end of the tube. A 180-degree beam angle provides broad, even illumination, while dimmable functionality allows light levels to be adjusted where required. Measuring 2.8 centimetres in diameter and 121 centimetres in length, the GE LED T8 tube combines adaptable performance with long-term reliability.
