

GE 6W GU10 Globe in Day Light

SKU: 121970

Details

The GE LED GU10 globe is designed to deliver high-output daylight illumination for task-oriented environments. Its 6500K colour temperature produces a bright, neutral light that enhances visibility and detail.

Producing 600 lumens with a 60-degree beam angle, this globe offers strong, consistent illumination for kitchens, workspaces and commercial settings. The compact GU10 design measures 5 centimetres in diameter and 5.5 centimetres in height, allowing it to integrate easily into existing fittings. A colour rendering index above 80 and a three-year warranty support long-term performance and reliability.
