

GE LED Bright Stik Multi-Watt Colour Switch CCT Dimmable BC Globe

SKU: 121956

Details

The GE LED CCT Bright Stik globe with BC base is designed to deliver adaptable lighting for a wide range of general-purpose applications. Its compact, slim profile makes it well suited to fittings where space is limited or the globe is not fully exposed. Selectable colour temperatures of 2700K, 4000K and 6500K are adjusted via the integrated side switch, allowing the light output to be tailored to different settings. Three brightness levels provide outputs of 500, 700 or 900 lumens, while dimmable performance offers further control when paired with compatible dimmers. With a diameter of 3.7 centimetres and a height of 11.7 centimetres, the GE LED CCT Bright Stik globe delivers flexibility in a practical format.
