Details

The GE LED CCT Bright Stik globe with SES base offers flexible lighting control in a compact design suited to smaller fittings and concealed applications. Its slim profile supports clean installation without compromising light output.
This globe provides three selectable colour temperatures – 2700K, 4000K and 6500K – adjusted using the toggle switch on the side of the globe. Three brightness levels deliver outputs of 500, 600 or 750 lumens, with dimmable functionality available when used with compatible dimmers. Measuring 3.7 centimetres in diameter and 10.5 centimetres in height, the GE LED CCT Bright Stik globe is a practical option for adaptable everyday lighting.
