

Glow Automatic Door Sensor for Classic and Dynamic LED Strip Kits

SKU: 177743

Details

The GLOW Door Sensor adds automatic on/off control to selected GLOW strip lighting kits. Designed for cupboards, wardrobes, pantries and cabinetry, the sensor automatically turns the connected strip lighting on when the door is opened and switches it off when the door is closed. Ideal for creating practical hands-free lighting in storage areas, this accessory adds convenience and functionality to your strip lighting installation.
Includes 1 x door switch sensor, 1 x door attachment and 1 x sensor receiver.
Compatible with selected GLOW strip lighting kits: GLOW Classic Strip Kits — SKU 177735, 177736, 177737, 177738, 177739 and 177740. GLOW Dynamic Strip Kits— SKU 177748 and 177755.
The door sensor can be placed up to 10 metres from the receiver and LED strip. The distance between the two parts of the door sensor must be no more than 100mm.
