

Glow Classic 6-Way Splitter with Leads

SKU: 177744

$39.95 (inc GST)

Details

The GLOW Classic 6-Way Splitter with Leads allows you to connect up to six GLOW Classic strip lighting outputs from one input, making it easier to create split runs across cabinetry, shelves, stairs and other multi-section installations. Designed with simple push-on connectors, this accessory allows for easy DIY connection after cutting the strip into sections, with no soldering required.
Includes 1 x 6-way splitter and 3 x 1-metre extension cables.
Compatible with GLOW Classic strip lighting kits: SKU 177735, 177736, 177737, 177738, 177739 and 177740.
Ideal for stairs, shelves, cabinetry and other layouts where multiple strip lighting sections need to be connected from one power source.
