

Glow Dynamic 10m Wiring Extension

SKU: 177752

$79.95 (inc GST)

Details

The GLOW Dynamic 10m Wiring Extension provides additional cable length for GLOW Dynamic CCT and RGB strip lighting installations. Designed for use where the power supply needs to be positioned further away from the LED strip, or where strip lighting is installed across larger or separated areas, this accessory helps create a more flexible lighting layout.
Includes 10 metres of 3-core round cable, 5 x cable-to-cable connectors and 2 x cable-to-LED strip connectors.
Compatible with GLOW Dynamic strip lighting kits: SKU 177748, 177749 and 177755.
Ideal for connecting strip lighting across multiple kitchen cabinets, bulkheads, joinery, entertainment units, staircases, hallways, wardrobes, walk-in robes and display shelving.
