

Glow Dynamic 5x1m Wiring Extension Leads

SKU: 177753

$59.95 (inc GST)

Details

The GLOW Dynamic 5 x 1m Wiring Extension Leads provide secure DIY connection points for GLOW Dynamic CCT and RGB strip lighting installations. Designed to connect between the splitter and LED strip, these 1-metre 3-core extension cables are ideal for creating separated lighting sections across cabinetry, shelves, wardrobes and other joinery applications.
Includes 5 x 1-metre extension cables.
Compatible with GLOW Dynamic strip lighting kits: SKU 177748, 177749 and 177755.
These leads can be extended further using the GLOW Dynamic 10m CCT Wiring Extension, giving added flexibility for larger or more complex strip lighting layouts.
