

Glow Neon 5m 60W Full Colour Weatherproof LED Strip Kit with Remote

SKU: 177758

Details

The Lucci Connect GLOW Neon 5m 60W RGB Strip Kit delivers smooth, continuous full-colour illumination in a flexible neon-style design. Made from flexible silicone, this strip provides an even line of light with strong visual impact and includes remote control functionality to adjust brightness, colours, effect speed and lighting modes. Ideal for outdoor entertaining areas, under-bench lighting, kickboards, garden edging and pathway lighting, this strip lighting adds colour, functionality and style to indoor and selected outdoor applications.
Includes a 5m 60W LED strip, 24V driver, RF remote control and RF receiver with local control button.
GLOW Neon is supplied as a complete kit. Profile is not required and optional GLOW Classic or GLOW Dynamic accessories are not compatible.
The strip is IP67 rated, making it suitable for selected outdoor and wet-area applications. The LED driver is not IP rated and must be installed in a suitable protected location.

Specifications
