

Glow Neon 5m 60W Lucci Connect Smart Full Colour Weatherproof LED Strip Kit

SKU: 177759

Details

The GLOW Neon 5m 60W RGB independant control Strip Kit delivers smooth, continuous smart full-colour illumination in a flexible neon-style design. Made from flexible silicone, this strip provides an even line of light with strong visual impact and can be controlled through the Lucci Connect app. With 3000K–5000K white tones, a full colour wheel and dynamic colour effects, it is ideal for outdoor entertaining areas, under-bench lighting, kickboards, garden edging and pathway lighting. Includes a 5m 60W LED strip, 24V driver and Wi-Fi receiver with local control and pairing button.
GLOW Neon is supplied as a complete kit. Profile is not required and optional GLOW Classic or GLOW Dynamic accessories are not compatible.
The strip is IP67 rated, making it suitable for selected outdoor and wet-area applications. The LED driver is not IP rated and must be installed in a suitable protected location.
