

Haus & Co LED Candle in Bronze

SKU: 131136

Details

Haus & Co LED Candles

Elevate your home with the enchanting glow of Haus & Co LED candles, available in two distinct models: one crafted from ribbed white gypsum and the other in luxurious metal finishes of aged brass and bronze.

Each model is designed to seamlessly enhance any setting, making them perfect for bedside tables, coffee tables, or bookshelves.

The ribbed gypsum model stands out with its unique texture, offering a sophisticated and rare aesthetic that transforms any space into a modern haven.

The metal versions in aged brass and bronze bring a touch of timeless elegance, providing a warm and inviting atmosphere without the permanence of larger decor pieces.

Powered by 2x AA batteries (not included) and featuring a convenient on/off switch on the base, these candles ensure hassle-free operation and versatile placement.

Backed by a 12-month warranty, Haus & Co LED candles promise both style and reliability, illuminating your home with their exquisite design.
