

LEDlux Secure 2 Light LED Colour Switch Flood Light With Sensor in Black

SKU: 240919

Details

The Secure floodlight does what its name implies – it helps keep you and your home secure. It's powerful beam lights up to 15 metres eliminating hiding places for potential burglars while also helping you see smaller hazards like steps and rocks clearly. You can adjust the head to direct light where you want it and mount it either on the ceiling or on a wall. The Secure floodlight offers three choices of colour temperatures: 3000K, 4000K and 5000K. Choose one and set it up before installation. Its sensor turns on only it detects motion helping you save energy and reducing your power bills. However, it also offers a setting to override the sensor when you want the light to stay on longer. Also available without sensor and in 2 light option.

Specifications

SKU	240919
