$139.95 (inc GST)

Details

Meet LIFX Colour LED Smart Lightstrip
A flexible lightstrip, for highlights and multicoloured layouts. Features Polychrome Technology: 8 addressable colour zones per light strip, and millions of colours. Add more lightstrips together for the perfect installation.
Cuttable: Yes. All LIFX Lightstrips can be cut between zones for a perfect install.
Key Features
16 million colours with cool to warm whites
Connects via Wi-Fi, no hub needed
Polychrome Technology™ – 8 addressable zones per strip
Extend up to 10 meters, 1400 lumens per 2 meters
LIFX SuperColour LEDs = 5x brighter colour*
Broadest white spectrum 1500K - 9000K
Software dimmable
Hands free control
Leave the app in your pocket and use voice control to set the perfect light for the task or mood.
Flexible and extendable
These LED light strips can bend and extend up to 10m, allowing them to fit in almost any space from staircases to bed frames, cabinets and desks.
Sync with your Razer Chroma gear
Your lights can react to in-game events and extend the experience with exclusive effects for deeper immersion when you connect to Razer Chroma.
Paint your favourite colours, then animate!
Polychrome Technology™ allows you to paint and customise 8 different colour zones which you can animate through exclusive LIFX app effects.
Designed in Melbourne
Did you know LIFX started in Melbourne in 2012? And they are still based in the creative tech-hub of Cremorne. Their team of in-house Engineers and Product Designers worked passionately on the LED Lightstrip with the goal of bringing the best and brightest offering of Smart Lighting to Australia, and the rest of the world.

**LIFX colours have tested up to 5x more powerful than other smart brands across flagship products. Visit lifx.com/supercolour for details.*

Compatible with: Google Home, Apple Home, Alexa, Razer Chroma.
